

Strategic Roadmap 2024-2026

Vision

Become the leading enterprise AI platform in North America by 2026, targeting \$200M ARR with 500+ enterprise customers.

2024 Priorities

1. Launch AI-powered analytics suite (Q3). 2. Expand EMEA sales team by 20 headcount. 3. Achieve SOC2 Type II certification. 4. Reduce infrastructure costs by 18% via cloud optimisation.

2025 Initiatives

Acquire two complementary SaaS companies in the data integration space. Launch partner ecosystem with 50 certified integrators. Expand to APAC with Singapore office.

Risk Factors

Talent retention in engineering (mitigation: equity refresh program). Regulatory changes in EU AI Act. Macroeconomic slowdown impact on enterprise spend.
